[Oct-2022] H35-660\_V2.0 Dumps are Available for Instant Access using Actualtests4sure  
H35-660\_V2.0 Dumps 2022 - New Huawei H35-660\_V2.0 Exam Questions

**NEW QUESTION 178**

Which one of the subcarriers spacing yield the highest spectral efficient for 5G cells on 50MHz bandwidth?

- \* 15kHz
- \* 60kHz
- \* 30KHz

**NEW QUESTION 179**

3GPP Release 15 protocols are divided into three stage : non standalone (NSA) networking, late drop

- \* True.
- \* False.

**NEW QUESTION 180**

Among the NSA shunting schemes, the EPC shunting scheme is characterized by RAB-level shunting. (True or False, 4 points)

- \* True
- \* False

### NEW QUESTION 181

The gain of Massive MIMO includes which of the following options? (Multiple choice, 2 points)

- \* Array Gain
- \* Shape Gain
- \* Multiplexing Gain
- \* Diversity Gain

Analysis of test questions: Array gain: by increasing the number of antennas, a higher array gain can be obtained and coverage can be improved; Forming gain: beamforming in both horizontal and vertical directions simultaneously, to improve system coverage and number of users; Multiplexing gain: support up to 16 Data flow, improve system throughput; space division multiplexing, support more users; Diversity gain: By increasing the number of antennas, more data space transmission paths are formed and data transmission reliability is improved.

### NEW QUESTION 182

In the eMBB scenario, what bit/s rate is required for cloud-based AI access? (single-choice question, 2 points)

- \* 100Mbps
- \* 1Gbps
- \* 6Gbps
- \* 10Gbps

### NEW QUESTION 183

Which of the following businesses needs to consider the design of sinking user interface? (single-choice question, 4 points)

- \* Mobile Internet
- \* Video Surveillance Network
- \* Mobile TV Network
- \* Meter reading IoT

### NEW QUESTION 184

Which of following coding schemes is predominantly used for traffic channel in 5G?

- \* palor code
- \* turbo coding
- \* convolutional code
- \* LDPC

### NEW QUESTION 185

In addition to the technology of increasing the number of connections, what technical support is needed for the smart meter reading business? (single-choice question, 2 points)

- \* Rate boosting technology
- \* Reduced latency for family members
- \* Technology of increasing the number of connections
- \* Coverage Enhancement Techniques

### NEW QUESTION 186

which of the following is the minimum value of ultra -high voltage (UHV) of a power system? -SC

- \* 330 KV
- \* 220 KV
- \* 800 KV .
- \* 35 KV

### NEW QUESTION 187

Cloud-based wireless networks can greatly increase user rates. (True or False, 4 points)

- \* True
- \* False

### NEW QUESTION 188

Which of the following core network functions are control plane functions? (Multiple choice, 4 points)

- \* Session management
- \* Forwarding
- \* Mobility Management
- \* Policy Control

### NEW QUESTION 189

What is the biggest difference between Cloud VR and traditional VR? (single-choice question, 2 points)

- \* Image clarity
- \* Image Perspective
- \* Location of Image Processing and Rendering
- \* The frame rate of the image

Question analysis: Cloud VR realizes the wireless of the terminal, and completes the image rendering through the cloud server, which greatly reduces the terminal cost and improves the user experience.

### NEW QUESTION 190

Which of the following are 5G technologies defined in 3GPP release 15? \_MC

- \* Massive MIMO
- \* Flexible sub-frame structure
- \* New mutli-access technology
- \* New waveform

### NEW QUESTION 191

Which of the following are the challenges of 5G O&M? (Multiple choice, 10 points)

- \* Complex network, OPEX keeps rising
- \* Problems caused by business simplification
- \* Business Diversity Brings Management Complexity
- \* The frequency band is single, and the network is relatively simple

### NEW QUESTION 192

Which of following is the 5G IoV alliance organization?

- \* OTSA
- \* X.lab
- \* 5GAA
- \* 3GPP

#### NEW QUESTION 193

Which of the following are members of the 5G Open Trial Specification Alliance (OTSA)? -MC

- \* SKT
- \* Vodafone
- \* Verizon
- \* DCM

#### NEW QUESTION 194

Which of the following TV definition is equivalent to the definition of the 8K 2D content in an entry-level full-view scenario? -SC

- \* 240p
- \* 480p
- \* 720p
- \* 1080p

#### NEW QUESTION 195

Which one of the following technologies enables 5G to better support drone services? -SC

- \* AAU vertical coverage.
- \* More connected users
- \* Lower service delay.
- \* Large cell bandwidth

#### NEW QUESTION 196

Which of the following network elements belong to the pure user plane function? (single-choice question, 4 points)

- \* UPF
- \* MME
- \* PGW
- \* SGSN

#### NEW QUESTION 197

Which of the following are the key requirements of power distribution automation on communication networks? -MC

- \* Millisecond-level Ultra-low latency
- \* High isolation
- \* High reliability
- \* Ultra-high bandwidth

#### NEW QUESTION 198

Which of the following architectures can be used with the multi-stream aggregation (MSA) technology to implement coordination

between LTE and 5G?

- \* option2
- \* option3x .
- \* option 3 .
- \* option 3a .

#### **NEW QUESTION 199**

During 5G standardization, which of the following is the SA (standalone) architecture developed in?

- \* Phase 2.2
- \* Phase 1.1
- \* Phase 2.1
- \* Phase 1.2

#### **NEW QUESTION 200**

How many times is the 5G downlink peak rate higher than that of LTE? (single-choice question, 2 points)

- \* 10 times
- \* 50 times
- \* 100 times
- \* 500 times
