HCS-Pre-sales H19-370 Exam and Certification Test Engine

NO.28 TE30 MiniMCU capability is [single selection].

- * 4V+3A
- * 6V+3A
- * 9V+3A

NO.29 The cloudMCU single-channel maximum call bandwidth is [radio].

- * 6M
- * 4M
- * 8M
- * 2M

Resolution: Huawei CloudMCU call bandwidth supports 64kbps-8Mbps.

NO.30 SC can configure SIP Trunk to dock with UC and other systems [radio].

- * True
- * False

NO.31 Huawei's converged communication solution supports unified architecture, full-service, all-terminal convergence, and cloud-based deployment [single choice].

- * True
- * False

NO.32 Huawei TE Desk top & Mobile supports TLS and SRTP security protocols. Signaling media streaming encryption for meeting data security. [Single Selection].

- * True
- * False

NO.33 Which network element is required for H.323 registration and session control of the training terminal? [Single Selection].

- * VP96 series MCUs
- * SMC2.0/SC
- * CloudMCU
- * RSE6500

NO.34 How many E1 ports does U1960 support? [Single Selection].

- * 4
- * 24
- * 28
- * 12

NO.35 RSE6500 recording and broadcasting server supports offline transcoding, maximizing resource utilization [single selection].

- * True
- * False

NO.36 Which of the following operations can be achieved through TOUCH? () [Multiple choice].

- * Restart the device
- * Modify the device IP address
- * Start or hang up the call
- * View device details. Such as version, etc
- * Adjust the camera

NO.37 During the meeting, when the () operation is performed in this terminal venue, it will have more meeting control authority. [Single Selection].

- * Add a venue
- * Apply for the Chairman
- * Release the Chairman
- * Extend the meeting

NO.38 The TP3206-70 screen gap is ()mm [radio].

- * 5
- * 4.4
- * 4
- * 5.5

NO.39 Key highlights of the U1960 gateway include [multiple selection].

- * Power supply redundancy AC/DC optional
- * Built-in voice conferencing

- * Highly integrated, 2U height, support 192-line analog users
- * Built-in Voicemail

NO.40 RP MultifunctionAlective Zhizhen can be divided into RP-S series and RP-A/T series according to the built-in codec types [single selection].

- * True
- * False

NO.41 VP9630 supports a maximum of 1080P30 [radio].

- * 16
- * 48
- * 32
- * 64

NO.42 What are the following terminals that do not support access to cloud conferencing? () [Single Selection].

- * TE20
- * Board
- * TX50
- * TE30

NO.43 Are there video terminals that support AI functions (voice digital assistants, electronic nameplates, face check-ins)? [Multiple Choice].

- * CloudLink Board
- * TEX0 series terminals
- * VPT300
- * CloudLink Box Series

NO.44 Video Phone 8950 supports () inch screen? [Single Selection].

- * 7
- * 10
- * 8
- * 5

NO.45 Which of the following backup mechanisms does VP9630 support? [Multiple Choice Question].

- * Media board
- * Chip
- * Network port
- * Main control board
- * Power supply
- * Whole machine
