Get PEGAPCSSA87V1 Actual Free Exam Q&As to Prepare for Your Pegasystems Certification

The PCSSA 87V1 certification exam covers a range of topics, including application design, data modeling, user interface design, and integration with external systems. PEGAPCSSA87V1 exam is designed to test the ability of candidates to design, build, and maintain complex Pega applications. PEGAPCSSA87V1 exam consists of 60 multiple-choice questions and has a time limit of 90 minutes.

NEW QUESTION 10

As a best practice, in which situation do you configure a keyed data page?
* A long list of images that often changes
* A long list of vehicle parts that rarely changes
* A short list of emojis that often changes
* A short list of delivery options that rarely changes

NEW QUESTION 11

A hospital uses a case type to manage the treatment of patients visiting the Emergency Room (ER). Cases are created when the patient checks in at the registration desk, and are resolved when the patient is released from the hospital. Stakeholders identify the following security requirements for the case type.

* Patients access cases on a read-only basis.

* Patients can only access their own cases.

* Doctors and nurses can modify cases throughout the case life cycle.

8 Only doctors are allowed to write prescriptions.

What two steps, when performed together, allow you to ensure that patients can read, but not edit, cases? (Choose Two)
* Configure an Access of Role to Object rule with the open case action set to 5.
* Configure an Access Role to Object rule with the open case action set to 1.
* Configure an access control policy condition to test whether the user is a patient.
* Create an access group unique to patients.

NEW QUESTION 12

Which statement about the relationship between organisational elements is true?
* A unit can belong to multiple organisations.
* A work queue can belong to multiple organisation.
* A work group can have multiple managers.
* A work queue belongs to a single operator.

NEW QUESTION 13

Which three statements about the guardrail score are true?
* The Application Guardrails landing page counts the number of rules with severe or moderate guardrail warning.
* Rules with unjustified warning are not counted in the compliance score.
* A weighted compliance score above 90 signifies that an application is ready for general distribution.
* Guardrail scores do not include Pega Platform core rules.
* The Application Guardrails landing page counts the number of rules with no warnings or caution-level guardrail warnings

NEW QUESTION 14

You want to create a new minor version of an application ruleset to add a new feature to your application. The new feature will be made available to users in a phased rollout.

How do you update the application to add the new ruleset version?
* Create a branch ruleset and a new application, and add the branch ruleset to the application.
* Lock and roll the existing ruleset, and create a new application version.
* Lock and roll the existing ruleset, and update the existing application version.
* Create a new application version and add the new ruleset version as a production ruleset.

NEW QUESTION 15

A courier company wants a mobile app to scan and track the parcels collected from remote areas with no internet access.

Which mobile app do you develop to fulfill the requirement?
* Signed app
* Unsigned app
* Native app
* SDK app

NEW QUESTION 16

A hospital uses a case type to manage the treatment of patients visiting the Emergency Room (ER). Cases are created when the patient checks in at the registration desk, and are resolved when the patient is released from the hospital. Stakeholders identify the following security requirements for the case type.

* Patients access cases on a read-only basis.

* Patients can only access their own cases.

* Doctors and nurses can modify cases throughout the case life cycle.

* Only doctors are allowed to write prescriptions.

What two steps, when performed together, allow you to ensure that patients can read, but not edit, cases? (Choose Two)
* Configure an Access of Role to Object rule with the open case action set to 5.
* Configure an Access Role to Object rule with the open case action set to 1.
* Configure an access control policy condition to test whether the user is a patient.
* Create an access group unique to patients.

NEW QUESTION 17

A requirement states that the Manage role cannot open a purchase request during the Audit stage.

How do you configure the case stage to satisfy this requirement?
* Apply a When record.
* Apply a Privilege record.
* Apply an Access Deny record.
* Apply an Access When record.

NEW QUESTION 18

Which two statements are true about configuring Pega Web Mashup? (Choose Two)
* Use the Integration wizard to generate mashup code for use in other systems
* Add a list of trusted domains to the application that contains the mashup.
* Keep the original names of default actions in the mashup code to prevent security risks.
* Use action objects to transfer data between gadgets in a mashup.

NEW QUESTION 19

The ruleset list for an application consists of the following rulesets, ordered from highest to lowest:

- SelfService:01-01
- TGB-HR:01-01
- TGB:01-01

A rule with an Apply to: class of TGB-HR-SelfService-Work-TimeOff references a rule named ConfirmationRequest. The four instances of ConfirmationRequest in the rules cache are shown in the following table.

Apply to:	Ruleset : Version	Availability
TGB-HR-SelfService-Work	SelfService:01-01-01	Available
TGB-HR-SelfService-Work-TimeOff	SelfService:01-01-01	Available
TGB-HR-SelfService-Work-TimeOff	SelfService:01-01-02	Withdrawn
TGB	TGB:01-01-02	Available

Which is chosen during rule resolution?

* TGB-HR-SelfService-Work-TimeOff .ConfirmationRequest (SelfService:01-01-01)

* TGB .ConfirmationRequest (TGB:01-01-02)

* TGB-HR-SelfService-Work .ConfirmationRequest (SelfService:01-01-01)

* TGB-HR-5elfService-Work-TimeOff .ConfirmationRequest (SelfService:01-01-02)

NEW QUESTION 20

A view has a part number field that requires the first two characters are letters, and the last four are digits (for example, AB1234).

How do you ensure that the correct pattern is entered when the user exits the field?

* Configure a validate rule on the flow action to validate the field with boolean logic.

* Configure an edit validate rule and call it from a validate rule in the relevant flow action.

* Configure an edit validate rule and reference it from the property rule for the field.

* Configure a validate rule to use input-qualified validation configuration.

NEW QUESTION 21

Select the three Pega best practices for developing activities. (Choose Three)

* Keep activities short. Limit your activities to fewer than 15 steps.

* Limit activity calls to at most three to prevent performance problems.

* Limit custom Java steps whenever possible.

* Use only activities to support queue processing and interfaces.

* Limit the use of activities. Use alternative rule types such as data transforms whenever possible.

NEW QUESTION 22

A hospital uses a Patient visit case type to track patient visits to the Emergency Room (ER). The case type can create Lab analysis and Diagnostic imaging child cases. While the child cases are active, the attending doctor or nurse must be able to update the patient visit case with notes and treatment recommendations.

In the Answer Area, select the configurations which allow a doctor or nurse to update the parent case while lab and imaging technologists perform assignments on their respective child cases.
Answer as in image

Answer Area

Case Types	Configuration
Patient visit	Allow multiple users ▼
Lab analysis	Allow other users to open the parent ca... ▼
Diagnostic imaging	Allow other users to open the parent ca... ▼

NEW QUESTION 23

In your purchasing application, you use a decision table with vendor discount codes. You want to delegate the decision table.

In which ruleset do you save the decision table to allow delegation?
* Organization
* Integration
* Production
* Application

NEW QUESTION 24

Which three statements about the guardrail score are true? (Choose Three)
* The Application Guardrails landing page counts the number of rules with severe or moderate guardrail warnings.
* Guardrail scores do not include Pega Platform core rules.
* The Application Guardrails landing page counts the number of rules with no warnings or caution-level guardrail warnings.
* A weighted compliance score above 90 signifies that an application is ready for general distribution.
* Rules with unjustified warnings are not counted in the compliance score.

NEW QUESTION 25

You have a requirement to associate users in different units to the same work queue.

How do you implement this requirement?
* Associated the users to a common work group. Then associate a work queue to the work group.
* Associate the users to a common work queue. Then associate the work queue to the appropriate unit.
* Associate the users to a common unit. Then associate a work queue to the common unit.
* Associate the users to a common work group. Then associate the work group to the appropriate units.

Pegasystems PEGAPCSSA87V1 exam is designed for professionals who want to become Pega Certified Senior System Architects. Pega Certified Senior System Architect (PCSSA) 87V1 certification is a must-have for individuals who are involved in designing and implementing Pega applications in an enterprise environment. PEGAPCSSA87V1 exam tests the candidate's knowledge of Pega 7's core concepts, architecture, and design principles. It also evaluates their ability to develop and maintain Pega applications and their understanding of Pega's key features and functionality.
