

2V0-62.21 Questions - Truly Beneficial For Your VMware Exam (Updated 96 Questions) [Q50-Q71]

2V0-62.21 Questions - Truly Beneficial For Your VMware Exam (Updated 96 Questions) View All 2V0-62.21 Actual Exam Questions, Answers and Explanations for Free NO.50 Refer to the exhibit.

While referencing the exhibit, which SDK profile does Security Policies belong to?

- * Custom SDK Profile
- * Default SDK Profile
- * Application Profile
- * Intune SDK Profile

NO.51 If an administrator wants to leverage ThinApp packaged applications integrated with Workspace ONE Access, which of the following is the proper connector version to use?

- * VMware Workspace ONE Access (Windows) version 20.10.0.1.
- * VMware Identity Manager connector (Windows) version 19.03.0.1.
- * VMware Workspace ONE Access (Windows) version 19.03.0.1.
- * VMware Identity Manager connector (Linux) version 20.18.8.1.0.

NO.52 A customer intends to implement Android device management in their environment.

Which three enrollment options would result in an end-user experience in which a dedicated container is created on the device for only business applications and contents? (Choose three.)

- * Knox Container
- * Device Enrollment Program (DEP)
- * Work Managed Device
- * Legacy enrolled
- * Corporate Owned Personally Enabled (COPE)
- * Work Profile

https://docs.vmware.com/en/VMware-Workspace-ONE-UEM/services/Android_Platform/GUID-AndroidEnrollmentEnrollmentConcept.html

NO.53 Which protocol does Workspace ONE use to communicate with third party Identity Providers?

- * SAML
- * Kerberos

- * RADIUS
- * OAuth

NO.54 Which three features within Hub Services can an administrator leverage when Workspace ONE Access is configured and integrated with Workspace ONE UEM? (Choose three.)

- * Email Notification
- * Mobile Flows
- * AirLift
- * Virtual Assistant
- * People

https://docs.vmware.com/en/VMware-Workspace-ONE/services/intelligent-hub_IDM/GUID-012E7722-FC83-4EF5-8ADD-2457E29720FE.html

NO.55 Which feature of Workspace ONE UEM can be configured to allow reports to run on a schedule and have them delivered to a subset of administrators?

- * Windows Scheduled Tasks
- * Report Subscriptions
- * Timed Report Execution
- * SQL Server Reporting Services

NO.56 A company has purchased a Workspace ONE UEM SaaS environment and are planning the on-premises servers and services that will be required. A primary use case is allowing AD authenticated end users to access enterprise SharePoint documents through the Workspace ONE Content application.

Which two on-premises servers/services should the company plan for? (Choose two.)

- * Unified Access Gateway
- * Workspace ONE UEM API
- * Secure Email Gateway
- * AirWatch Cloud Connector
- * AirWatch Cloud Messaging

NO.57 What is the maximum number of supported NICs on the Unified Access Gateway?

- * 1 NIC
- * 2NICs
- * 3NICs
- * 4NICs

NO.58 An administrator wants to create a new Workspace ONE Access Policy that is specific only to a newly created IP subnet.

Which three Workspace ONE Access Policy settings would the administrator set? (Choose three.)

- * network range
- * authentication method
- * subnet range
- * device type
- * attribute type
- * assignment method

NO.59 What two features of Hub Services can be enabled without enabling Workspace ONE Access and having the authentication

mode set to Workspace ONE UEM? (Choose two.)

- * enable SSO for applications
- * enable People Search
- * notifications for iOS and Android
- * Hub Virtual Assistant Chatbot
- * Hub Catalog layout

NO.60 Which is required to deliver a Check In, Check Out experience on an Android Device?

- * Block open enrollment into Workspace ONE UEM.
- * Enable VMware Workspace ONE Intelligence.
- * Deliver Launcher profile to the end-user.
- * Use a basic user as a staging account.

NO.61 Which Workspace ONE UEM feature helps device users perform automated tasks across multiple business backend systems within VMware applications?

- * Device Profiles
- * User Profiles
- * Mobile Flows
- * Automated Flows

NO.62 Which three can be used to enforce conditional access in Workspace ONE? (Choose three.)

- * device ownership type
- * device enrollment method
- * device platform
- * application specific
- * network range
- * user-based role

NO.63 What is the purpose of the Workspace ONE UEM Security Pin?

- * Serves as a second layer of security for administrators while preventing inadvertent commands.
- * Provides a second factor of authentication for administrators during console login.
- * Provides multi-factor authentication for users during device enrollment.
- * Serves as a second layer of security for end users while preventing inadvertent commands.

NO.64 An administrator is concerned about help desk employees having the Console Administrator role. The help desk employees only need to access the device list view page and perform minor troubleshooting steps.

Which console security feature can eliminate the administrators concern?

- * Use Role-Based Access for help desk employees.
- * Change the help desk accounts to user accounts.
- * Use Directory-Based Access for help desk employees.
- * Prevent all access by help-desk accounts.

NO.65 Which three are features of the ENS v2? (Choose three.)

- * Supports most existing corporate file servers.
- * Provides email notification for Exchange Active Sync.
- * Secures access to internal content repositories.
- * Updates the badge count for an unread email.
- * Triggers a background sync on Workspace ONE Boxer.

NO.66 Where is Hub Services component co-located?

- * Workspace ONE Intelligence
- * Workspace ONE Access
- * Workspace ONE Airlift
- * Workspace ONE UEM

https://docs.vmware.com/en/VMware-Workspace-ONE/services/intelligent-hub_IDM/GUID-012E7722-FC83-4EF5-8ADD-2457E29720FE.html

The Workspace ONE Hub Services component is co-located with Workspace ONE Access and is dependent on Workspace ONE Access for shared services. Source:

NO.67 Which Security Assertion Markup Language (SAML) configuration item is a pre-requisite to creating a third party identity provider in Workspace ONE Access?

- * SAML AuthN Request
- * SAML Metadata
- * SAML Assertion
- * SAML AuthN Context

NO.68 Which three options are supported by Workspace ONE Access? (Choose three.)

- * Configuring Per-App VPN.
- * Configuring conditional access.
- * Configuring network segmentation.
- * Configuring Mobile SSO.
- * Configuring unified application catalog.
- * Configuring encryption.

NO.69 Which two solutions are linked together when Hub Services is activated for the first time? (Choose two.)

- * Workspace ONE UEM
- * Workspace ONE Access
- * Workspace ONE Intelligence
- * Workspace ONE Airlift
- * Workspace ONE Assist

NO.70 Which three are benefits of a Workspace ONE Content productivity application? (Choose three.)

- * Secure Document distribution and mobile access.
- * Protect certificate keychain from third party access.
- * Promote secure collaboration.
- * Promote Content Disaster Recovery.
- * Protect sensitive content in a corporate container.
- * Secure application distribution and mobile access.

NO.71 An organization has purchased a SaaS Workspace ONE solution and wants to implement these:

- * integration with back-end resources like Active Directory from Microsoft to sync users and groups
- * Kerberos authentication

- * integration with Virtual Desktops and Applications from services (Horizon 7, Horizon Cloud, or Citrix)
- * third party integration with RSA SecureID, RADIUS for authentication

Which Workspace ONE component is required?

- * VMware AirWatch Cloud Connector
- * VMware Workspace ONE Access Connector
- * VMware Workspace ONE Assist
- * VMware Workspace Unified Access Gateway

Which Is The Best VMware 2V0-62.21 Certification Training?

VMware 2V0-62.21 exam dumps have been launched. This VMware certification is one of the most popular VMware certifications, which is a large and ambitious professional certification platform that provides potential professional certifications through training providers, such as VMware 2V0-62.21 exam dumps.

VMware 2V0-62.21 practice test are the only test of all virtualization professionals to verify their skills and expertise for installing, configuring, and administering WorkSpace ONE environment using the latest versions of VMware Workspace ONE and required components. **VMware 2V0-62.21 exam dumps** are important part of your preparations. The candidate should also have familiarity with integration use cases and related technologies, including identity management, web applications, desktop, and mobile applications, endpoint management solutions, and security policies.
